SUMMARY

Motivated and innovative third-year college student with a strong foundation in AI, data science, and automation. Experienced in developing practical tech solutions, including gesture-controlled systems, smart appliances, and AI-powered tools for image analysis and floor plan generation. Passionate about using technology to solve real-world problems, with a keen interest in machine learning, computer vision, and human-computer interaction. Quick learner, effective team player, and dedicated to continuous improvement.

PROJECTS

AI-Based Floor Plan Generator 02/2025 - 03/2025

Vazhakulam

Used generative AI to create architectural floor plans based on user input and reference designs.

Gesture-Controlled Car Racing Game 2025 - 01/2025

Vazhakulam

Created an interactive game controlled entirely by hand gestures to enhance accessibility and engagement.

EDUCATION

Viswajyothi College of Engineering and Technology 10/2022 - 06/2026

Bachelor's Degree in Artificial Intelligence and Data Science

Co-operative Public School 06/2020 - 06/2022

Higher Secondary Education

SKILLS

Machine Learning · Python · Computer Vision · Java · AI Models · NLP · JavaScript,CSS
